

Penetration Tester

About A-LIGN:

A-LIGN is a full service security, assurance, and compliance solutions firm with extensive experience in providing:

- Penetration Testing and Vulnerability Assessments
- PCI DSS Assessment Services
- FISMA Security Assessments
- ISO 27001 Certifications
- FedRAMP Security Assessments
- HIPAA and HITECH Services

A-LIGN is a QSAC, accredited ISO 27001 certification body and accredited FedRAMP 3PAO.

Our Values:

At A-LIGN, our Big Vision is to relentlessly exceed expectations through extraordinary people, innovative technology, and unwavering dedication to our people and the clients that we serve. Our unique values: be “all in,” commit to quality, innovate constantly and do the right thing, always, set us apart from those that simply strive to meet your expectations. We work where dedication and quality meet. We’re all in, are you?

About the Role:

As a member of A-LIGN, you will perform penetration testing services for clients in a wide range of industries. You will be part of a dedicated pen testing team whose sole purpose is to test and improve the security of our clients’ systems and data. This team utilizes a broad range of tools and is constantly evolving to discover new vulnerabilities and security weaknesses. This position will play a key role in A-LIGN’s technical service offerings, vulnerability assessments and attack and penetration testing.

Responsibilities will include planning and executing penetration testing under the direction of a member of the management team. We’re looking for the best and brightest to join our team. Only motivated individuals with a career-oriented mindset need apply!

What we expect from you:

- Bachelor’s Degree in related discipline (Management Information Systems, Computer Science)
- 2 to 5 years’ experience performing network and application penetration tests at a consulting or professional services firm
- CEH or other related security certifications preferred but not required
- Advanced communication and presentation skills
- Ability to follow all company policies and procedures

Preference given to the following skillsets:

- White hat penetration testing
- Vulnerability scanning and analysis
- Linux/Unix/Windows administration
- Network architecture/engineering
- Security analysis/engineering

What we can offer you!

Do you enjoy a dynamic and exciting work environment? Our consultants enjoy some of the most rewarding and flexible work in the industry!

The perks:

- Virtual employment
- Competitive salary with annual performance bonus
- 15 days of vacation per year with an increase to 20 days in year two
- Holidays paid and office closed from Christmas – New Years
- Employer paid life insurance and disability insurance
- Employer paid health, vision and dental insurance
- Technology allowance
- 401k plan with employer matching
- Vacation bonus
